

SUPPORTING SPONSORSHIP OPPORTUNITIES

Mission Statement:

Built Green Canada is an industry driven voluntary program that promotes “green” building practices to reduce the impact that building has on the environment. It benefits the home buyer, the community and the environment and is an opportunity for everyone to choose a “green” future.

Your sponsorship dollars are allocated to the following purposes:

- *Implement Built Green Program changes;*
- *Improve Built Green Program delivery;*
- *Provide membership training and learning opportunities;*
- *Increase Built Green Canada’s profile across Canada with the general public.*
